A comprehensive list of interpretations, definitions, etc, framed by Mr C.M. Hickey, President of the Council, in conjunction with Mr J. Worrall, official coach and instructor to the Victorian Football League, was tabled and adopted as the authorised interpretations of the Council.

BOUNDARY UMPIRES.

It was decided to provide that each boundary umpire shall stand with his back to the field of play when throwing in the ball, which shall be thrown not less than five yards and not more than fifteen yards.

GENERAL.
Separate Goldfields Team.

A motion by the delegate from the Goldfields Football League to provide for a separate Goldfields Team to enter in all carnival matches was ruled out of order.

Willoughby's case.

After hearing this case stated by the delegates of the two bodies concerned it was unanimously agreed that the disqualification was illegal. It was pointed out that until a player receives a clearance he is under the sole jurisdiction of the body under which he last played.

Financial.

The resolution passed by this League in favor of restoring the financial system of 1907 under which this League was reimbursed the amount paid under the 5 % Levy was defeated. It was pointed out that none of the self-supporting States receive refunds and that the only reason the return was made in 1907 was that the Council agreed to it on the grounds that it was expected the West Australian Football League would be saddled with the cost of sending the Young Australia League team to the Eastern States during that year. It will be remembered that the 1908 Levy was not forwarded by this body and that the cost of the 1908 delegate which should have been refunded by the Council was retained as a credit against the sum due for that year. This left a balance of £21/6/6 payable by this League.

The question of the allowance made for delegates expenses from this State was dealt with and the following scale of costs agreed to,-

Steamer fare to Adelaide	£9 - 0 - 0
1st return rail to Sydney	12 - 5 - 0
Expenses 10 days at sea @ 5/-	2 - 10 - 0
" 14 " on land @ 12/6	8 - 15 - 0
	<u>£32 - 10 - 0.</u>

The amount due for 1908 was deducted from these figures and a cheque for £11/3/6 paid to your delegate.

The game Over-Seas.

During the sitting of the Council Mr Jas. Lafferty an ex-player of the East Sydney team arrived in Sydney and reported that through the efforts of the American boys and their leaders who visited the Commonwealth last year, 10 school teams are now playing the game in San Francisco and that as many more were anxious to play but a dearth of experienced umpires made that impossible. The question of assisting the proposed Young Australia League Over-Sea Tour was introduced by a resolution tabled by this body and it was agreed by 9 votes to 5 that the Council should grant patronage and co-operation in regard to the movement. It was unanimously agreed that ~~xxx~~ it was desirable for the Council to pay an amount equal to the cost of four boys, viz., £280. As the funds would not permit of the full sum being provided this year it was decided unanimously that half the amount be paid from the funds in hand and that it be recommended to the incoming Council that the balance be paid from the 1911 funds.

Asiatic teams.

The proposal from this State to refuse the patronage of the Council to Asiatic teams was ruled out of order on the grounds that it was ~~x~~ of a political nature.

Victorian Association clearances.

It was ruled that no clearance for players from Victoria could be recognised by an controlling body unless the endorsement of the Victorian League had been obtained.

General.

Other matters of an unimportant nature were dealt with as shown in the printed report.

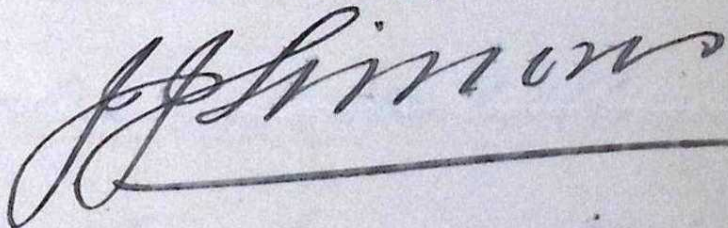

Hospitality of Eastern Leagues.

During the visit the delegates were most liberally entertained by the Leagues of New South Wales, Victoria and South Australia.

Conclusion.

In conclusion I desire to thank the ~~delegates~~ delegates for the honor conferred in appointing me to represent them on the Council.

Yours faithfully,

5/12/1910.

The W.A. Football League.

Gentlemen.

We have examined the proposal to substitute for the present system of payments for grounds, a method by which the proprietors would take one third of the net receipts & make no charge or restriction as regards members' tickets.

We find that under existing conditions the adoption of the proposal would be all to the advantage of the ground proprietors & to the disadvantage of the League, as well as the Clubs. It would result in the grounds receiving a larger share of the receipts, which of course would diminish that received by the football organisations.

At first sight it appeared that the Clubs would receive a larger amount, by reason of being able to retain the whole of the amount received by them for members' tickets but upon examination we found that the diminution of the amount available for dividends would more than counterbalance that advantage.

It is evident that if the grounds

receive a larger share, the Clubs must receive less. Even if the Clubs gained & the League funds lost, it would be necessary for the Clubs to make up the League's loss, either by call or by an increase in the proportion of match proceeds allocated to the League. In considering the matter, therefore, the Clubs' interests & the League's interests must be considered as one, & that opposed to the ground proprietors' interests.

There is one set of circumstances under which the proposal would be to our advantage, & that is if the sale of members' tickets should be very much increased, say ^{twice} ~~four times~~ as much as at present, & the attendance of persons who pay at the gate ~~was to~~ ^{should} be about the same as at present.

Under the system now in force a Club makes about £11.5.0 for every 100 members' tickets sold, assuming every coupon to be presented. Under the proposed system it would make about £33.15.0 for every 100. The difference of £22.10.0 is more than absorbed by the loss in dividends & League funds.

We took the actual figures of some of last year's matches to work out

The results & we quote the following relating to the match East Kernanth v South Kernanth played at Kernanth Oval on 24th Sep, a semi-final, which although a large gate, illustrates the matter in a manner different only in degree from a minor match.

Amount available after gatekeeper's share paid

Council received. £ 28. 19. 0.

Made up of ^{302 at} Coupon ~~2d.~~ £2. 10. 4 }
 25% £ 26. 8. 8.

Under the new proposal the Council would receive £ 35. 4. 10, which is £ 6. 5. 10 more than at present.

The £ 6. 5. 10 is made up as follows:

The League would lose £ 1. 5. 2 302 Coupons @ 1d.
 East Kernanth wd gain £ 2. 9. 9. 199 " @ 3d.

but would lose 2. 4. 0½ in dividends
5. 8½ net gain

South Kernanth wd lose 2. 4. 0½ in dividends
 but wd gain 1. 5. 9. 103 coupons @ 3d.
18. 3½ net loss.

wd each lose. 2. 4. 0½ in dividends

Add. the losses.

 2. 4. 0½.

In the circumstances, we
 recommend that no further
 action be taken in respect
 to the proposal to abolish the

 ground proprietors.
